Vacancy: One-year Full-time Research Assistant Position

The Managerial Economics & Decision Sciences Department at the Kellogg School of Management is offering a one-year research assistant position as of September 2019. (The timing is relatively flexible).

The position is aimed at supporting project needs for three ongoing field experiments in Sierra Leone and Indonesia, run by Erika Deserranno (assistant professor at Northwestern), and Gianmarco Leon (professor at University of Pompeu Fabra).

The projects are:

1. **Financial Incentives in Multi-Layered Organizations: Evidence from the Health Worker Program in Sierra Leone**
   See description at [www.socialscienceregistry.org/trials/3345](http://www.socialscienceregistry.org/trials/3345)

2. **Vertical Pay Differentials and Worker Productivity: Evidence from the Health Worker Program in Sierra Leone**
   See description at [www.socialscienceregistry.org/trials/3993](http://www.socialscienceregistry.org/trials/3993)

3. **The Supply and Demand Effects of Financial Incentives: Experimental Evidence from Branchless Banking in Indonesia:**
   See description at [www.socialscienceregistry.org/trials/3167](http://www.socialscienceregistry.org/trials/3167).

The ideal candidate is a PhD student or a master’s student interested in research and who has a good grasp of working with data and STATA in particular. Further specifics are provided below.

**Potential Tasks:**
- Data cleaning and data analysis;
- Support the project with administrative tasks;
- Carrying out literature review related to the project(s)

**Requirements:**
- Class Requirements: econometrics;
- Good working knowledge of STATA;
- Ability to Skype (if needed) with project PIs in the US, Europe and Africa;
- Availability for a up to a year (although we are flexible about this)

**Working hours:**
- Pay: $45,000/year
- Full-time

**Contact:** If you are interested in becoming an active part of our project(s), please send your application to both Erika Deserranno ([erika.deserranno@kellogg.northwestern.edu](mailto:erika.deserranno@kellogg.northwestern.edu)) and Gianmarco Leon ([gianmarco.leon@upf.edu](mailto:gianmarco.leon@upf.edu))

Your application should include a short cover letter and a CV. Please let us know about your availability and how intensively you have used STATA before.

We look forward to receiving your application,

Erika Deserranno and Gianmarco Leon
